HOME FOR CHILDREN NOT WANTED AT HOME- A BABY FARM IN RICHMOND. - Officer Keegan, Wednesday night, upon visiting the home of Mrs. Elizabeth Jeter and Polly Brooks, on Main street, between Twentysecond and Twenty-third, discovered there two babies, both girls, one about six months, and the other about ten days old. It was, of course, knewn that neither of the women had any title to the children, for Mrs. Jeter is one of the worst characters here, and is now in jail for some offence against the laws, and her partner, though not so bad, is not altogether a model of propriety. Mrs. Jeter refuses to give any information concerning the parentage of the children, but stated to officer Keegan that they were brought there and kept by her to save them from death at the hands of certain parties, whose names she withheld. They appear to have been moderately well cared for but the younger one is in delicate health, and requires the JACONET and SOFT-FINISH CAMBRICS care of tenderer hands than now ministers to its manifold wants. The matter has been ALL KINDS OF GOODS FOR brought to the attention of Police Justice White, who proposes to send the children to the Alms-house to be kept until called for by those who have the right to claim them, or until some other home can be provided.

Mrs. Smith fainted as soon as she comprehended the extent of the accident, and the others present were so much shocked by the occurrence that it was several moments before they went to the relief of the sufferer. All possible remedies were applied, and it was thought at first that the child would recover, but he lingered until yesterday evening, when he died.

It is unnecessary to review the causes which have necessitated this action, as they are fully recited in Governor Bramlette's card. DUFFALO SPRINGS, MECKLENBURG
COUNTY, VA.—RECENT DISCOVERY OF
AN ADDITIONAL SPRING, decidedly impregnated with the celebrated "Salts of Littila." Those
Springs open for the reception of visitors on the
FIRST OF JUNE, 1874.
In most of the chronic forms of disease regarded
as remedial by mineral waters these Springs enjoy
a deservedly high reputation.
In general adaptation and curative power in diseases of women, in dysoposia in its protean forms,
in chronic intermittent fevers, and in all diseases
generated by malarial poisons, they are without a
rival among the medicinal waters of America. The
proprietor is aware that this is a very strong cialm.
The public will juage if it be sustained by the testimonials submitted.
Since the last Spring season several valuable
springs have been discovered at this place. One of
them, according to an analysis made by Professor
Tonry, of Battimore, is decidedly impregnated with
the "Salts of Lithia," which has given such colebrity to the Gettysoury spring in our own country
and to the Aix is Chappelle and Vichy waters of
the continent of Europe, and which is so highly
esteemed in the medical world as a remedy in
yout, rheumatism, and in kidney and bladder affections.

Professor George B. Wood, of the University of

gont, rheumatism, and in kidney and observations.

Professor George B. Wood, of the University of Pennsylvania, says: "There is perhaps no other remedy from which equal efficacy may be expected in the removal or the deposits of the urate of soda in the joints and ligamentous tissues in gonty passages."

It may be worthy of note that this is the only Spring in Virginia in which this sait is found otherwise than the merest trace.

Pamphlets containing analysis, testimonials, &c., can be had on application to Messra. PURCELL, LADD & Co., druggists, or Messrs. WEST, JOHNSTON & Co., booksellers, Main street, Richmond, Va., or by addressing the undersigned at Boydton, Va. [ad 24-ds wam] THOMAS WGMIDM.
